1:1

Meetings

An inspiring and informative community for women executives, entrepreneurs, professionals and overachievers.

We recognise, celebrate and champion the achievements and contributions made by women in both business and society.

Our community offers practical and compelling career, financial and lifestyle resources to help women take their careers to the next level and achieve a work-life balance.

Being a Mentee

Being a Mentee in the March8 Mentorship Programme means benefiting from an exclusive 1:1 pairing with a leading female business executive. Mentees enjoy previously unobtainable access to ask questions, seek guidance and absorb inspiration.

What Menteeship entails

- Each Mentee is carefully paired with an inspirational Mentor
- Over a three-month period, Mentors and Mentees will meet (virtually) a minimum of once per month
- Mentees can use their time to ask questions, seek advice and learn from a woman who has already walked their chosen path

Final sign up date January 31st 2022
